

Shrew. June 17, 1971

Dear Vicki and Jim,

Jeanne Rogers and her husband and two children arrived from Minneapolis yesterday so we have quite a crowd here. We went to the Swedish Club for dinner last night. Today Mary and I are going to take them up to the cabin and Crystal. The morning is beautiful so the Mountain should be clear.

Thanks for sending Ladi post. It arrived the first of the week.

Ed Kennedy was in Seattle this week at the Democratic Headquarters so Mary and Mike saw him.

Mary has finished her typing job and I am so glad she is here to help out with the company. I don't know how long they plan to stay. The boy is eleven and the little girl is six. I fixed them up

in the amusement room. Jeannine  
and Norman are in Mary's room  
and I had Mary and Mike keep their  
room down stairs so it is working  
out fine.

I hear people getting up so had  
better stop. I am going to fix a  
picnic lunch to have up at the  
cabin.

I saw pictures of the Bahamas on  
television and it really is beautiful  
there. I think it Freeport where the  
golf game was.

More later.

Love,  
Mom.
